

SUMMARY

Twenty years of experience working in IT across Financial, Engineering and Consulting Firms. Experience in both Azure & AWS cloud. Followed DevSecOps practices & worked in Agile environments. Onboarded M365 workloads and architected enterprise content management solutions. Versatile, Detail-oriented and hand-on technical.

- 7 years in designing Azure Cloud Solutions and administering Microsoft 365 workloads.
- 3 years implementing solutions and migrating from on-prem workloads into AWS.
- 14 years working on architecting solutions for Enterprise Content Mgmt.
- 5 years managing \$1M+ ECM projects.
- Worked in various roles from IT architecture, development and operations as well as managing teams in technical and project management roles.
- Certifications
 - **Microsoft Azure Solutions Architect Expert** (AZ-303 & AZ-304), 2021.
 - **AWS Certified Cloud Practitioner** (CLF-C01), 2023.
 - **PMP** from Project Management Institute, 2013.
 - ITIL Foundations, 2015.

PROFILE

- Experience architecting solutions on Azure & AWS (cloud-native, re-platform, Lift/Shift).
- Managed vendor & partner relationships (Microsoft, OpenText, CrawfordTech, Fiserv, DST/SS&C, BNY Mellon, Northern Trust).
- Architected and Managed IT Projects in Enterprise Content Management (ECM) Domain.
- Experience with DevSecOps, Scrum/Kanban, Product Mgmt. and Data Centric approaches.
- Experience presenting vision roadmaps to leadership teams.
- Collaborated with international teams across USA, UK, India, Australia, Singapore.
- Achieved \$1 Million total cost savings by optimizing IT assets, licenses, labor, scheduling & forecasting resource requirements and generating revenue opportunities.

PROFESSIONAL EXPERIENCE

Technical Lead - Azure, Office 365 & ECM Solutions
2016-Present, Putnam Investments., Boston, MA.

Cloud Architecture

- Migrated On-Prem Web Applications as Highly Available Multi-Region Web Application.
 - Availability Zones with paired standby region. Storage from ECS to S3.
 - PostgreSQL with HA & Asynchronous native replication for DR.

- Partnered with product vendors to bring OTB On-Prem solutions as a managed service in an extended company network (public cloud).
- Aided in re-designing in-house custom solution to native-cloud services.
- Aided in architecting a POC built with Cloud Native components – To scrape content and perform sentimental analysis. Data Factory, Data Lake.
- Experience with PowerShell, Azure CLI and Linux Bash Shell on Windows & ARM Deployment Templates.
- Experience with Azure Policies, Initiatives, Blueprints, RBAC roles, Access controls for Management Groups & Subscriptions.
- Worked on Azure AD B2B & App Registrations, Authentication end points, Graph API & SharePoint API for Integrating Custom Applications.
- Experience migrating ECM applications from On-prem to **AWS** Cloud Native architecture.
- Firsthand with Office 365 Administration of SharePoint Online, MS Teams, Planner, Delve, Intranet pages, Stream, Power Platform (Power BI, PowerApps & Power Automate) & M365 Licensing.
- Familiar with all Office 365 workloads, Federated Identity Management, backup and restore products, distributed architecture, performance tuning and support
- Migrating Content from Shared folders into SharePoint Online & OneDrive for business.
- Understand Data Security, Data Residency, Connectivity requirements & Modern Auth Protocols.
- Migrating Content from Multiple Enterprise Content Management Systems to ECS & S3 (hot & cold storage).

Sr. IT Consultant, Enterprise Content Management
2008-2016, KBR Inc., Houston, TX.

Responsible for ECM Applications & executing the upgrade projects .

- Led 3 global **Documentum** version upgrades with 180 docbases.
- Architected multiple global implementations in **Documentum** suite of products.
- Hands-on with installations, upgrades, migrations, consolidations, cloning, high availability, fail over, disaster recovery, distributed architecture, and performance tuning.
- Implemented Enterprise Search Solutions like FAST and xPlore.
- Earned “customer service cash awards & appreciation certificates” for showing excellent customer service, diligence, cheerful outlook, and subject-matter expertise.
- Annual cost savings of \$30k in a project managed, involving docbase consolidations.
- Performed requirements vs gap analysis to quantify, compare and procure solutions on bulk loading (Crown Partners Bulldoser, EMC Content Bridge) and Monitoring (Reveille).
- Independently managed 2 projects related to 50 Docbase consolidations and 70 Docbase archivals, following SDLC and Project Mgmt. Processes.
- Included are project planning and tracking, resource forecasting, change management, risk management and mitigation, issue tracking and resolution.

IT Architect/Sr. Administrator

2001 -2009, Entergy Texas (Retail), New Orleans, LA.

- From Intern to IT Architect, performed with increased responsibility over the period writing code, administering applications & Architecting ECM Solutions.
- Architected global implementations in **Documentum** suite of products, EMC eRoom Enterprise, Captiva suite, and Autonomy Enterprise Search.

FEW OF THE PRODUCTS AND TOOLS EXPERIENCED WITH.

Azure Cloud, Office 365 Azure, Power Platform & Active Directory:

Deploying Compute, Storage & Network, Fileshares, App Server plans, Logic Apps, Key Vaults, ARM Templates, Azure CLI, Bash, Managed Identities, Kubernetes, Azure Monitor, Event hub, Log Analytics.

Azure App Registrations, Integrated Apps, SharePoint API, Graph API, Intranet Publishing pages, SharePoint Online Team sites, Modern Pages and Libraries, Delve, Extended Attributes, External Sharing, B2B Guest access. MS Teams Connectors, Planner and other O365 workloads.

Power BI: DAX queries, Data Extraction, Modeling, Visualization, Reports, User Management and Governance. Power Automate (Logic apps), Connectors, Power Apps.

PowerShell Modules. M365 Licensing, Intranet, SharePoint API, Graph API
Azure AD Connect.

AWS Cloud

Cloud Formation Templates, YAML, JSON, CLI, Git, Jenkins pipelines (CI/CD), Harness (CD), Serverless, Managed Services, Containers, Kubernetes, EC2, RDS Aurora, S3, EFS, ALB, SNS, SQS, CloudWatch, CloudTrail, IAM policies and roles

Content Management, Collaboration and Capture:

SharePoint On-Prem, OpenText **Documentum** Suite, Content Bridge (Trinity), Bulldoser, eRoom Enterprise, Captiva InputAccel, Autovue, Pro-Archiver.

Databases, Application Servers, and Operating Systems:

RDS Aurora & PostgreSQL, Oracle, SQL Server, MS Access, WebLogic, Apache Tomcat, Windows Server, Linux & Solaris.

Programming languages and other major tools:

Java, .NET, HTML, XML, VBA, VBScript, JavaScript, Autonomy Enterprise Search, Quick Test Pro, Load Runner, MS Windows Installer, SMS Installer, Install shield, Windiff, MS Project, Oracle - SQL Developer, APEX & Autovue. Perl and Python exposure.

ADDITIONAL CERTIFICATIONS

- **Cloud Computing** Fundamentals - **CloudU Certification** from RackSpace (2015).
- EMC Proven Professional Certification
 - System Administration Specialist - **EMCSyA** (2011).
 - Content Management Technical Foundations - **EMCPA** (2008).

EDUCATION

- **Master of Science** in Computer Science (2001), University of New Orleans, USA.
- **Bachelor of Science** in Computer Science (1999), Andhra University, India.
