Management Solutions | Driving Security and Compliance Initiatives
| Okta | Sailpoint | ForgeRock | Azure IAM | Exploring New
Opportunities
Arlington, Texas, United States

Summary

Experienced IAM Engineer specializing in designing, implementing,
and managing robust Identity and Access Management (IAM)
solutions. Skilled in IAM platforms such as Azure Active Directory,
Okta, and SailPoint, with expertise in access control, authentication,
federation, and security protocols. Proven track record in optimizing
security postures, ensuring regulatory compliance, and driving IAM
initiatives to support business objectives. Strong problem-solving
skills, collaborative approach, and dedication to delivering secure
and efficient IAM solutions.
