About Me

As a curious and passionate individual, I am seeking a position in a respected organization where I can contribute to the organization's goals. As a team player and quick learner, I thrive in an innovative environment that inspires creativity and encourages critical thinking.

Project Experience

MACHINE LEARNING ALGORITHM FOR CLASSIFICATION AND ALERT SYSTEM

This is a machine learning project which predicts the probability of stroke in an individual. This tool can identify high-risk individuals and predict occurrence of stroke in an individual which can assist healthcare professionals in taking preventive measures leading to better outcome for patients.

OTT WEB-DESIGN

The project aimed at displaying and accessing media con-tent on a platform designed usingHTML/CSS, similar to OTT.

Corporate Particiaption

- Participated in TATA Consultancy Services webinar on 'Robotic Visual Perceptions using Deep Neural Networks'.
- Involved in DevTown's HTML and CSS bootcamp for 'Tinder'.

Hobbies & Interests

Having a strong interest in Social service, participated in several drives including food drives for underprivileged children and blood drives.

Languages Known: English, Kannada & Tamil

Hobbies : Dancing, Sketching & Music
