Srikanth Reddy Duggireddy

Houston, TX 77054 • 346-388-1542 • srikanthd0604@gmail.com

Professional Summary

Results-driven supply chain analyst with expertise in leveraging data to optimize operations and drive business value. Proficient in Microsoft Office suite, SQL, and Power BI for extracting, analyzing, and visualizing complex supply chain data. Skilled in developing interactive dashboards and reports that provide real-time insights into key performance indicators. Adept at translating data into actionable intelligence, enabling informed decisions to improve supply chain performance. Strong problem-solving skills with a track record of implementing effective solutions. Committed to driving innovation through data-driven strategies and cutting-edge visualization tools.

Skills

- Teamwork and Collaboration
- Problem-Solving
- Adaptability and Flexibility
- Supply Chain Optimization
- Production Planning
- Continuous Improvement

- Sourcing and Procurement
- Demand forecasting
- Microsoft Excel
- SQL
- Microsoft Power BI
- SAP

Work History

Supply Chain Analyst, 02/2023 to Current
Samsung Electronics – USA

- Managed weekly sales and order forecasts for Samsung's Consumer Electronics division using Power BI for data visualization and inventory analysis, optimizing stock levels and enhancing operational efficiency
- Leveraged SQL to track inventory levels and analyze procurement data, facilitating informed decision-making and improving overall supply chain performance
- Collaborated with cross-functional teams to streamline processes and solve complex supply chain challenges, using insights gained from Power BI dashboards and SQL data queries to drive continuous improvement
- Led projects focused on optimizing inventory management and logistics protocols, achieving measurable cost savings and improved service delivery through data-driven strategies powered by Power BI and SQL analytics

Supply Chain Analyst, 01/2022 to 01/2023
T-Mobile – USA

- Led strategic sourcing initiatives, including RFPs and RFQs, while building and maintaining strong vendor relationships to align service delivery expectations and reliability
- Analyzed data to identify trends, implemented efficiency-enhancing strategies, and developed performance metrics, resulting in a 24% reduction in lead times and a 18% increase in deal velocity
- Coordinated cross-functional activities, executed quality control measures for third-party suppliers, and supported contract setup in systems such as SAP
- Achieved 10% cost savings through alternative solutions and improved vendor performance by 20% by implementing a comprehensive scorecard system
- Optimized supply chain processes by implementing data-driven analysis and forecasting methods.

Quality Specialist, 02/2020 to 08/2021
Amazon Development Center India Pvt Ltd – Hyderabad, India

- Played a pivotal role in the Last Mile Analytics and Quality Geocoding Team, driving enhancements to the Transportation Process.
- Engineered a comprehensive database for robust testing of Machine Learned data, facilitating valuable feedback for the ML team's refinement process.
- Demonstrated exceptional leadership by spearheading a team of 30, resulting in a 2% reduction in Delivered Not Received (DNR) cases.
- Guided the endeavors of Team CGT, committed to realizing a remarkable 95% accuracy in an autonomous Machine Learning Algorithm designed for auditing address books.
- Achieved a commendable 90% team quality rate through meticulous testing and manual auditing of data, subsequently employed to train the Machine Learning Tool.

CAD Engineer, 08/2018 to 12/2019
Technosoft Solutions – Visakhapatnam ,India

- Used 3D and 2D CAD tools to design, develop and engineer high-quality models.
- Contributed to innovative product developments by utilizing advanced 3D modeling techniques and cutting-edge CAD tools.
- Ensured seamless collaboration between departments with effective communication of design changes and updates throughout the project lifecycle.

Education

Bachelor of Science: Mechanical Engineering, 05/2018
Jawaharlal Nehru Technological University - Anantapur, INDIA
