

## Subhash Chitneedi

[subhashvvs99@gmail.com](mailto:subhashvvs99@gmail.com) | 470-875-7588

DevOps Engineer with 2 years of experience at 3one technologies, India, specializing in cloud operations and automation. Expertise in containerization with Docker and Kubernetes, CI/CD pipelines using Jenkins, and infrastructure as code with Terraform. Proficient in configuration management with Ansible, monitoring with Nagios, and scripting in Python. Pursuing a Master's in IT, I am seeking a role where I can apply my DevOps skills to drive efficiency and innovation.

### Experience Summary

- **Role:** DevOps Engineer with 2 years of IT experience in DevOps, Cloud, and Operations.
- **Company:** 3one technologies, Kakinada, India (May 2020- April 2022)

### Work Profile

---

<b>DevOps Engineer, 3one technologies, India</b>	<b>May 20- April 22</b>
--	-------------------------

- Migrated the Internal Developer Portal apps to OpenShift and ran them in containers.
- Created infrastructure with Terraform and established DevOps practices and Azure DevOps pipelines for new applications.
- Automated Azure Infra/Resources tasks using CI/CD tools.
- Supported SonarQube for code quality and coverage analysis.
- Set up and maintained SonarQube using official Docker images, deployed with Azure App Service and Azure Kubernetes Services.
- Implemented Docker and Ansible Buildouts, Docker Image Development, and Ansible Playbooks.
- Implemented fully automated CI/CD, continuous monitoring, and DevOps processes with zero downtime.
- Supported Docker and container orchestration, managing Docker orchestration and containerization with Kubernetes, for deploying, scaling, and managing Docker Containers.

### Skills
