## NOTABLE ACCOMPLISHMENTS ACROSS THE CAREER

- Increased development productivity as measured by increased code output volume, and reduced implementation windows, using Scrum Agile software development practices
  - Optimized the system structure by distributing system deployment to reduce the response time
  - Partook in daily scrum meetings with the Project Manager and Development Team; identified gaps and suggested relevant solutions
  - Established a functional cross-departmental product development structure that reduced development time, release corrections, and customer feature request implementation
- 

## SOFT SKILLS

Positive Attitude

Analytical Skills

Leader/ Team Player

Interpersonal Skills

Effective Communicator
